## DECLARATION

### Conflict of Interest

***Authors should declare all relevant interests that may be perceived as conflicting.***

*If there are no interests, authors should state:*

"Author(s) declare(s) that there are no conflicts of interest related to the publication of this article".

### Funding

***Authors should provide information about financial support for the study, if any.***

*If funding was received:*

This study was supported by the Scientific Research Projects Coordination Unit, AAAAA BBBB (Project Number: 111222333).

*If no funding was received:*

This study has not received any external funding/support.

## Acknowledgements

*This section should be used to provide acknowledgements and to declare if the manuscript has been derived from a thesis or previously presented at a scientific meeting.*

*If the study is derived from a thesis, authors must include the following statement:*

This manuscript is derived from the MSc/PhD thesis of [Author Name], conducted at [University/Institute Name].”

*If the study was presented at a scientific meeting:*

This study was presented as a poster presentation at the XXXth YYYY ZZZZZ Congress and was published as a summary text in the congress book.

## Availability of Data and Materials

*The authors should clearly state how the dataset supporting the study results can be accessed. Any restrictions on data sharing should be appropriately explained.*

*For example:*

The data that support the findings of this study are available on request from the corresponding author.

## Ethical Statement

*Authors must provide information regarding ethical approval when applicable. Ethical approval numbers and committee names should be included.*

AAAAA BBBB Research and Application Center, Animal Experiments Ethics Committee  
DD.MM.20YY, 20YY/AA Number Ethics Committee Decision

## Author Contributions

*Initials of each author should be used to indicate individual contributions.*

Concept and Design: A.B.

Data Collection: A.B., C.D.

Data Analysis and Interpretation: C.D.

Literature Review: A.B.

Manuscript Writing: A.B.

Critical Review: C.D.

All authors approved the final version of the manuscript.
